Section 2: Introduction to Appointment

Job Title: Clinical Fellow in Acute and General Medicine

Department: Acute and General Medicine

Base: Royal Infirmary of Edinburgh, NHS Lothian

Circumstances of the posts

A 1.0 WTE post is available. Working time will be spent as part of the clinical multidisciplinary team within Acute and General Medicine. A proportion of time will be allocated to professional development. Within each post, study time will be provided for any additional qualifications deemed appropriate, and we will support successful applicants in enrolling on the South East Scotland Clinical Educator programme.

This position is an excellent opportunity for candidates aiming to build a career in Acute and General Medicine or seeking broader medical experience before advancing to specialty training. It suits those interested in quality improvement, simulation, or undergraduate teaching. Additionally, our affiliation with the Mastery Skills team supports ongoing medical training. The role is fully integrated into our acute and general medicine rota and attracts an out-of-hours supplement.

Departmental & Directorate Information

1. Acute Medicine

The Acute Medical Unit (AMU) is one of the busiest receiving units in the United Kingdom. Handling up to 70 new admissions daily, many with complex, high-acuity conditions, it serves as a key tertiary centre across multiple specialities. Driven by a strong ethos of delivering exceptional, safe, and person-centred care, the AMU provides real-time, consultant-led assessments, utilises diagnostics early, and ensures prompt treatment. As a clinician working within the multidisciplinary team, you will have the opportunity to assess and manage a diverse range of medical conditions, making a meaningful impact in a fast-paced environment. One of our key strengths is the seamless integration of multidisciplinary working. We receive excellent daily input from all on-site specialists, such as neurology and neurosurgery, which relocated to the adjacent Department of Clinical Neuroscience building in 2020. We have a strong partnership with the Emergency Department and assess acute medical presentations within the four-hour Emergency Access Standards through our Interface Unit. We are committed to safe, timely discharge, successfully transitioning 70% of patients to the right pathways within 48 hours. Our robust ambulatory care pathways provide alternatives to admission, ensuring comprehensive, patient-centred care.

2. General Medicine

There are two General Medicine wards, each with 36 beds. We manage a wide range of

medical conditions, with a particular focus on the care of patients with diabetes and those with multimorbidity. The wards are staffed by a dedicated multidisciplinary team, with a strong focus on providing holistic care to a high standard, supported by effective communication, quality improvement, and patient safety.

Section 3: Main Duties and Responsibilities

Within a 40-hour contract, each fellow will contribute an average of:

- 90% of supervised clinical activity within Acute and General Medicine
- 10% of personal and professional development within the specialist interest, which will be fixed or requested and given at the Rota Coordinator's discretion.

Clinical Activity

The post holders will be expected work across our acute and general medical footprint in the following areas:

- Acute Medical Unit
- General Medicine
- Interface Unit

The role offers an opportunity to be actively involved in a wide range of clinical care, including consultant-led ward rounds and your own ward rounds. You will liaise effectively with various specialities, ensuring early assessment and prompt management of acutely unwell patients. Participation in multidisciplinary team meetings will enhance your collaborative care, while training and supporting FY1 colleagues and allied health professionals—such as pharmacists, advanced nurse practitioners, and physician associates—will be key to your leadership development. Additionally, you will play a crucial role in streamlining the discharge process, ensuring accurate discharge letters, and maintaining timely communication with General Practitioners to ensure continuity of patient care.

Communication and Working Relationships

The post holders will be expected to establish and maintain extremely good communications and working relationships with a wide range of staff, including:

- Clinical Director who will act as the immediate line manager
- Supervising Consultant
- Academic Mentor/ Named Clinical Supervisor
- Colleagues in training at Foundation, Core and Specialty levels

Base

The base is the Royal Infirmary of Edinburgh.

Annual leave

Annual leave is in accordance with the nationally agreed level for the applicant's grade.

Qualifications and Experience

The post holder must, at the time of commencement of employment, have full registration with the GMC. Applicants should be within 2 years of successful completion of a UK-based Foundation Programme or equivalent (as evidenced by a CREST form) at the time of appointment and understand the UK healthcare system. It is no longer a requirement of employment within the NHS that medical staff be registered with a medical insurance organisation. Should you wish to maintain registration with such an organisation, this is entirely your own choice.

Job Revision

This job description should be regarded only as a guide to the duties required and not definitive or restrictive in any way. It may be reviewed in the light of changing circumstances following consultation with the post holders. This job description does not form part of the contract of employment.

Training Approval

These posts are **not** recognised for training but are built on sound educational governance principles.

Therefore, applicants are required to disclose information about convictions which for other purposes are “spent” under the provision of the act in the event of employment, failure to disclose such convictions could result in dismissal or disciplinary action by NHS Lothian. Any information given will be completely confidential.
MEDICAL NEGLIGENCE	In terms of NHS Circular 1989 (PCS) 32 dealing with Medical Negligence the Health Board indemnity will cover only Health Board responsibilities. Paragraph 63 of the General Medical Council's Good Medical Practice requires you to have adequate insurance or indemnity cover. You may wish to consider taking out additional medical indemnity e.g. with a Medical Defence Organisation to ensure that you have indemnity for the whole of your practice.
NOTICE	Employment is subject to one month notice on either side, subject to appeal against dismissal.
PRINCIPAL BASE OF WORK	You may be required to work at any of NHS Lothian sites as part of your role.
SOCIAL MEDIA POLICY	You are required to adhere to NHS Lothian’s Social Media Policy, which highlights the importance of confidentiality, professionalism and acceptable behaviours when using social media. It sets out the organisation’s expectations to safeguard staff in their use of social media.

Section 6: Working for NHS Lothian

Who are we?

NHS Lothian is an integrated teaching NHS Board in Scotland providing primary, community, mental health and hospital services. Professor Caroline Hiscox is the Chief Executive, Professor John Connaghan CBE is the Chair and Tracey Gillies is the Executive Medical Director.

NHS Lothian provides services for the second largest residential population in Scotland – circa 850,000 people. We employ approximately 26,000 staff and are committed to improving all patient care and services and engaging staff in service planning and modernisation.

Over the next year across Scotland there will be significant changes in the way health and social care services are provided. In April 2015, integration came into effect in local areas led by four Health and Social Care Partnerships in East Lothian, Edinburgh, Midlothian and West Lothian. Working together will help us provide even better services for our communities and, where appropriate, people will receive high quality care closer to home. There is work underway in relation to the operational and governance capacity required, ensuring that planning for unscheduled and scheduled care is done in tandem between the four Integrated Joint Boards and the acute service.

Location

Edinburgh and the Lothians are on the eastern side of Scotland's central belt in the heart of the country. Four main areas make up Edinburgh and the Lothians – Edinburgh, East Lothian, Mid Lothian and West Lothian.

Edinburgh and the Lothians are a place of exceptional beauty and contrast, from Edinburgh's historic skyline to the scenic countryside and coastline that surround it. Edinburgh is famous for its castle, military tattoo, fringe and international festival.

Edinburgh and the Lothians are home to top-ranking state and private schools and world class universities and colleges. Edinburgh offers a rich diversity of parks and gardens to spend time relaxing with friends and family. Whether you want to buy or rent Lothian also offers a diversity of accommodation ranging from city centre based flats, waterfront living, Victorian or Georgian villas to more rural farm houses or coastal homes.

Local and wider transport networks are excellent. Glasgow is less than 50 minutes away by train. The Scottish Highlands are accessible in a few hours offering opportunities for skiing and walking. National and international transport links make it easy to keep in touch with friends and family via Edinburgh Airport which offers a variety of international flight opportunities.

If you are thinking about joining us from overseas further information can be found at www.talentscotland.com. For a comprehensive list of services to help moving to the City of Edinburgh, please visit the City of Edinburgh Council Website at: www.edinburgh.gov.uk.

What we can offer you

Working with NHS Lothian offers a variety of opportunities and benefits:

- Access to the NHS pension scheme
- Assistance relocating to Edinburgh
- NHS Lothian is an equal opportunities employer and promotes work-life balance and family-friendly policies
- A beautiful setting to live and work and to take time out after a busy day or week
- Access to a transport network offering easy travel links to the rest of the UK and Europe, as well as international options

Teaching and Training Opportunities

NHS Lothian has one of the largest and some of the most successful teaching hospitals in Scotland. We have a growing national and international reputation for medical teaching and research and are recognised as a centre of excellence.

We successfully train medics, nurses and other healthcare professionals from all over the UK and the world, many of whom choose to remain in employment with NHS Lothian and continue to contribute to the development of the organisation, promoting new techniques and going on to train the doctors, surgeons and nurses of tomorrow.

NHS Education for Scotland (NES) and NHS Lothian recruits junior medical staff both UK and worldwide. We are committed to providing a high standard of medical education and are able to offer training in a variety of specialties at foundation and specialty level, with the majority of training posts in the South East of Scotland rotating through Edinburgh and Lothian hospitals.

Information regarding training with links to the appropriate UK websites can be found at <http://www.scotmt.scot.nhs.uk/> and <http://nes.scot.nhs.uk/>

We enjoy close links with the University of Edinburgh (<http://www.ed.ac.uk/home>) whose Medical School is renowned for preparing its medical students to become world-class doctors. Alongside NHS Lothian, the University of Edinburgh offers state-of-the-art medical teaching facilities at the Chancellors Building, including lecture theatres, seminar rooms, clinical skills training area, computing suites, as well as library facilities at the main university, Western General Hospital and Royal Hospital for Sick Children.

Our vision, values and strategic aims

We strive to provide high quality, safe, effective and person centred healthcare, continually improving clinical outcomes for patients who use our services and for our population as a whole.

<http://careers.nhslothian.scot.nhs.uk>

To achieve this, we are committed to ever-closer integrated working with patients and our other partners in healthcare and to embedding a culture of continuous improvement to ensure that:

- Our staff can contribute fully to achieving the best possible health and healthcare, based on evidence and best practice
- Everything we do maximises efficiency and delivers value for patients and the public

We have identified six strategic aims to ensure we can deliver safe, effective and person-centred health and social care:

1. Prioritise prevention, reduce inequalities and promote longer healthier lives for all
2. Put in place robust systems to deliver the best model of integrated care for our population – across primary, secondary and social care
3. Ensure that care is evidence-based, incorporates best practice and fosters innovation, and achieves seamless and sustainable care pathways for patients
4. Design our healthcare systems to reliably and efficiently deliver the right care at the right time in the most appropriate setting
5. Involve patients and carers as equal partners, enabling individuals to manage their own health and wellbeing and that of their families
6. Use the resources we have – skilled people, technology, buildings and equipment – efficiently and effectively.

The specific areas of focus and actions needed to achieve each of these aims are detailed in “NHS Lothian Quality Strategy 2018 - 2027,” which you will find at:

[QualityStrategy5YearPlan.pdf](#)

Our Health, Our Care, Our Future

NHS Lothian works to help people live healthier, longer lives – no matter who they are or where in the region they live. Much progress has been made, but significant challenges and opportunities lie ahead. NHS Lothian draft strategic plan - Our Health, Our Care, Our Future – sets out what we propose to do over the coming decade to address these challenges and continue to provide a high quality, sustainable healthcare system for the people of Lothian.

In developing the strategic plan we have:

- asked staff and patients what and how things need to change to deliver our aims
- brought together local plans into an integrated whole
- identified opportunities to make better use of existing resources and facilities
- prioritised areas that will make most difference to patients

The plan outlines a range of proposals, which will allow us to:

- improve the quality of care
- improve the health of the population
- provide better value and financial sustainability

<http://careers.nhslothian.scot.nhs.uk>

NHS Lothian's Clinical Quality Approach – Quality Driving Improvement

This is a new way of approaching quality in NHS Lothian. With this approach to service improvement we aim to deliver 'high quality, safe and person-centered care at the most affordable cost'. This acknowledges that every £1million of waste, unnecessary or inappropriate costs in one area of our system, denies us the opportunity to invest that £1million in another area of our system.

In all highly reliable healthcare organisations, it is clear that senior leadership commitment to the importance of the work, the introduction of consistent improvement methodology, the use of good quality data and building improvement capability within the workforce, are key to the successful delivery of improvement strategies.

To allow NHS Lothian to meet the needs of our population today and in the future, we need to build on the good work that is already being done to redesign services and create a whole organisation approach to quality improvement.

NHS Lothian Values into Action

NHS Lothian is determined to improve the way their staff work so we have developed a set of common values and ways of working which we need to turn into everyday reality - to the benefit of everyone working in the organisation and, most importantly, to the benefit of people using our services.

Our Values are:

Quality

We continually look for ways to make what we do even better.

Dignity and Respect

People are communicated with in a way that they understand and staff check that the individual has understood the information given.

Care and Compassion

We take time to ensure each person feels listened to, secure, understood and is treated compassionately.

Openness, Honesty and Responsibility

We continually listen & learn from staff, people receiving care, carers and family.

Teamwork

We understand and value each other role and contribution.

Throughout the recruitment process candidates will need to demonstrate they meet all of Our Values. More information on Our Values can be found by clicking on the link at the bottom of our Careers website front page: <https://careers.nhslothian.scot/>

Counter Fraud

NHS Lothian is under a duty to protect the public funds it administers, and to this end will use the information you have provided on your application form for the prevention and detection of fraud. It will also share this information with other bodies responsible for auditing or administering public funds for these purposes. More detail on this responsibility is on NHS Lothian intranet (Counter-Fraud and Theft page) and further information is available on the Audit Scotland website: <https://audit.scot/>

Workforce Equality Monitoring

NHS Lothian is committed to supporting and promoting dignity at work by creating an inclusive working environment. We believe that all staff should be able to fulfil their potential in a workplace free from discrimination and harassment where diverse skills, perspectives and backgrounds are valued.

In order to measure and monitor our performance as an equal opportunities employer, it is important that we collect, store and analyse data about staff. Personal, confidential information will be collected and used to help us to understand the make-up of our workforce that will enable us to make comparisons locally, regionally and nationally.

Equal Opportunities Policy Statement

NHS Lothian considers that it has an important role to play as a major employer and provider of services in Lothian. We are committed to encouraging equality and diversity among our workforce, and seek to eliminate discrimination. The aim is for our workforce to be truly representative and for each employee to feel respected and able to give their best.

The objectives of its policy are that no person or employee receives less favourable treatment on the grounds of gender identity, gender expression, disability, marital status, age, race (including colour, nationality, ethnic or national origin), religion or belief, sexuality, responsibility for dependants, socio-economic status, political party or trade union membership or activity, HIV/AIDS status or is disadvantaged by conditions or requirements which cannot be shown to be justifiable.

Section 9: Equality and Diversity

Statement of Intent

NHS Lothian is committed to supporting and promoting dignity at work by creating an inclusive working environment. Working with our Staff Networks and Staff Side Organisations, we have agreed a Statement of Intent in relation to equality, diversity and inclusion as follows:

<http://careers.nhslothian.scot.nhs.uk>

We continue to learn and build on our inclusive culture to make NHS Lothian a great place to work where our staff feel respected and valued. We are committed to recruiting a workforce that fully reflects and embraces the diverse make-up of our society. At NHS Lothian, we take a zero tolerance approach to discrimination and provide our staff with the leadership, tools and confidence to challenge discrimination and prejudice. We are a place where everyone can thrive and have good and respectful relationships with different groups of staff. Where everyone can develop and succeed based on their skill, knowledge and talent, regardless of age, disability, gender reassignment, race, religion or belief, sex, sexual orientation, marriage or civil partnership, pregnancy and maternity, socio-economic background, care experience or anything else that can be used to differentiate people from one another. We offer first-class flexible working benefits, excellent employee well-being support and a great pension. We are fortunate to have a range of excellent Staff Networks and are proud to be a Disability Confident, Carer Positive and Living Wage Accredited employer with a partnership agreement with Trade Unions. We will fully support candidates with a disability, long-term condition or who are neurodivergent, and require adjustments in our recruitment process. We actively welcome applications from anyone who shares our commitment to equality and inclusion.

Equality and Human Rights Strategy 2023 – 2028

NHS Lothian wants to improve the health of everyone in Lothian so that everyone lives a longer, healthier life, with better experiences and outcomes including people who work for and with us. Our equality and human rights strategy supports us to put equality and human rights at the centre of everything we do so that we achieve these aims and meet our legal requirements. It sets out six strategic priorities – each on helping us understand and act on the experiences and needs of people who work for us and use our services. Our priorities are:

1. Equality and human rights are a central part of our planning, decision-making, delivery and reporting.
2. We are an anti-racist organisation, and our work helps to eliminate racism and remove racialised inequalities and prejudice.
3. We anticipate and meet the needs of disabled people so they can access services, employment opportunities and have better outcomes.
4. We are gender inclusive, we do not discriminate on grounds of sex or gender identity and our work helps to tackle persistent gender inequalities.
5. We support people who use our mental health services and people with dementia to know about and claim their rights, and to make decisions about their care and treatment.
6. We reap the benefits of equality and human rights education and training.

Anti-racism

As a healthcare provider and employer NHS Lothian has a duty to stop racism, inequality, and discrimination. We have acknowledged and apologised for NHS Lothian's historical connections with transatlantic slavery and the impact on all the people who suffered. We are implementing recommendations made by an Independent Advisory Group to ensure we learn from our past and build a better future for everyone. More information, including a short video, is available on the NHS Lothian website:

<https://org.nhslothian.scot/aboutus/atlantic-slavery-and-the-royal-infirmary-of-edinburgh/>

We have launched our anti-racism campaign, 'We are NHS Lothian':

<https://www.facebook.com/lothian.nhs/videos/927242979125104/> to encourage everyone to understand and acknowledge racism and take action to eliminate it. The campaign aims to drive forward the work NHS Lothian has started to achieve meaningful change in the diversity of its workforce and to embed a respectful, tolerant and inclusive culture for everyone.

Reasonable Adjustments

NHS Lothian strives to be an exemplary employer and an "employer of choice" by doing the following to support disabled staff:

- Creating a positive organisational culture where every individual employee is valued for the specific skills that they bring with them into the workplace;
- Enabling staff to feel empowered and to speak up when they require support;
- Helping staff to feel safe in sharing their personal information regarding their disability in order that the organisation can continue to improve support and awareness for the benefit of everyone;
- Creating a management culture where supporting disabled staff is delivered in a positive manner and based upon the desire to retain valuable skills within the organisation and not solely on any legal requirement to do so.

NHS Lothian recognises it has a duty to make reasonable adjustments for disabled applicants and employees. NHS Lothian aims to ensure that it takes all reasonable steps to remove or adapt any provision, criterion or practice, or physical feature of premises that may put a disabled person at a disadvantage at any stage of employment. Wherever possible, we are committed to providing auxiliary aids and making sure information is provided in an accessible format to make sure disabled people are not put at a disadvantage. Further information on the adjustments that may be made are outlined in

Disability Passport

NHS Lothian has introduced a Disability Passport:

<https://careers.nhslothian.scot/wp-content/uploads/2024/03/Reasonable-Adjustments-Guidance.pdf> which is intended to guide a conversation between the staff member and their line manager to find the best ways to reduce barriers and enable staff to thrive in their roles. It provides a framework within which to discuss the staff member's disability and what changes/adjustments can be made at work to assist them. Completion of the passport is voluntary, and it designed to be completed with reference to NHS Lothian's Reasonable Adjustment Guidance.

NHS Lothian Staff Networks

There are currently seven NHS Lothian staff networks:

- **BME Network** - primarily aimed at NHS Lothian employees from Black or Minority Ethnic backgrounds but open to any staff interested in helping to improve inclusion in NHS Lothian.
- **Carers Network** – open to any member of staff who has an unpaid caring role
- **Care Experienced Network** – open to any member of NHS Lothian staff, with a focus on supporting Care Experienced staff.
- **Disabled Employee Network (DEN)** – open to any member of NHS Lothian staff who identifies as disabled, neurodivergent, or with a long-term health condition. You don't need a formal diagnosis, and you don't need to disclose your condition to your line manager or to other DEN members.
- **LGBT+ Staff & Allies Network** - primarily aimed at NHS Lothian employees who identify as LGBT+ but open those who identify as allies or have a positive interest in LGBT+ matters
- **Women's Network** - a network for all to join, encouraging inclusion and diversity, regardless of gender identity
- **Young Employee Network** - primarily aimed at young NHS Lothian staff but no fixed age limit and open to anyone with a positive interest in the network's ambitions

The networks have been established to advance equality for groups of staff we know are more likely to experience disadvantage, be under-represented or have different needs. They aim to provide peer support, social events, networking and a point of contact on equality and diversity issues. The networks are involved in creating the annual Advancing Equalities

Action Plan and moving actions forward, thus helping to improve the working lives of all NHS Lothian staff.

Information about all staff networks can be found on the NHS Lothian website:

Workplace Equality Monitoring

In order to monitor the organisation's performance as an equal opportunity employer, NHS Lothian will request and retain data on the protected characteristics of its workforce. This data is processed and retained in line with the Data Protection Act 1998. The disclosure by applicants and staff of their protected characteristics is voluntary but this data is invaluable to NHS Lothian as it enables accurate review of progress and highlights any areas where NHS Lothian is failing to advance equality. The data is anonymised prior to analysis, review and reporting. It plays no part in making decisions about individual employees. Its function is to help make evidence based decisions about the organisation's equality performance in relation to employment.

Equality, Diversity and Human Rights Strategy

NHS Lothian considers that it has an important role to play as a major employer and provider of services in Lothian. As outlined in our Statement of Intent, we are committed to encouraging equality and diversity among our workforce, and seek to eliminate discrimination. The aim is for our workforce to be truly representative and for each employee to feel respected and able to give their best. Our Equality, Diversity and Human Rights Strategy: <https://org.nhsllothian.scot/equality-human-rights/> sets out our commitment to these principles and sets out the approach to be followed to ensure that these principles are consistently met.

Equality and Human Rights Team

NHS Lothian has an Equality and Human Rights Team who can provide advice and guidance on equality and human rights compliance and best practice in NHS Lothian. They can be contacted by emailing loth.equalityandhumanrights@nhsllothian.scot.nhs.uk
